VINCENT

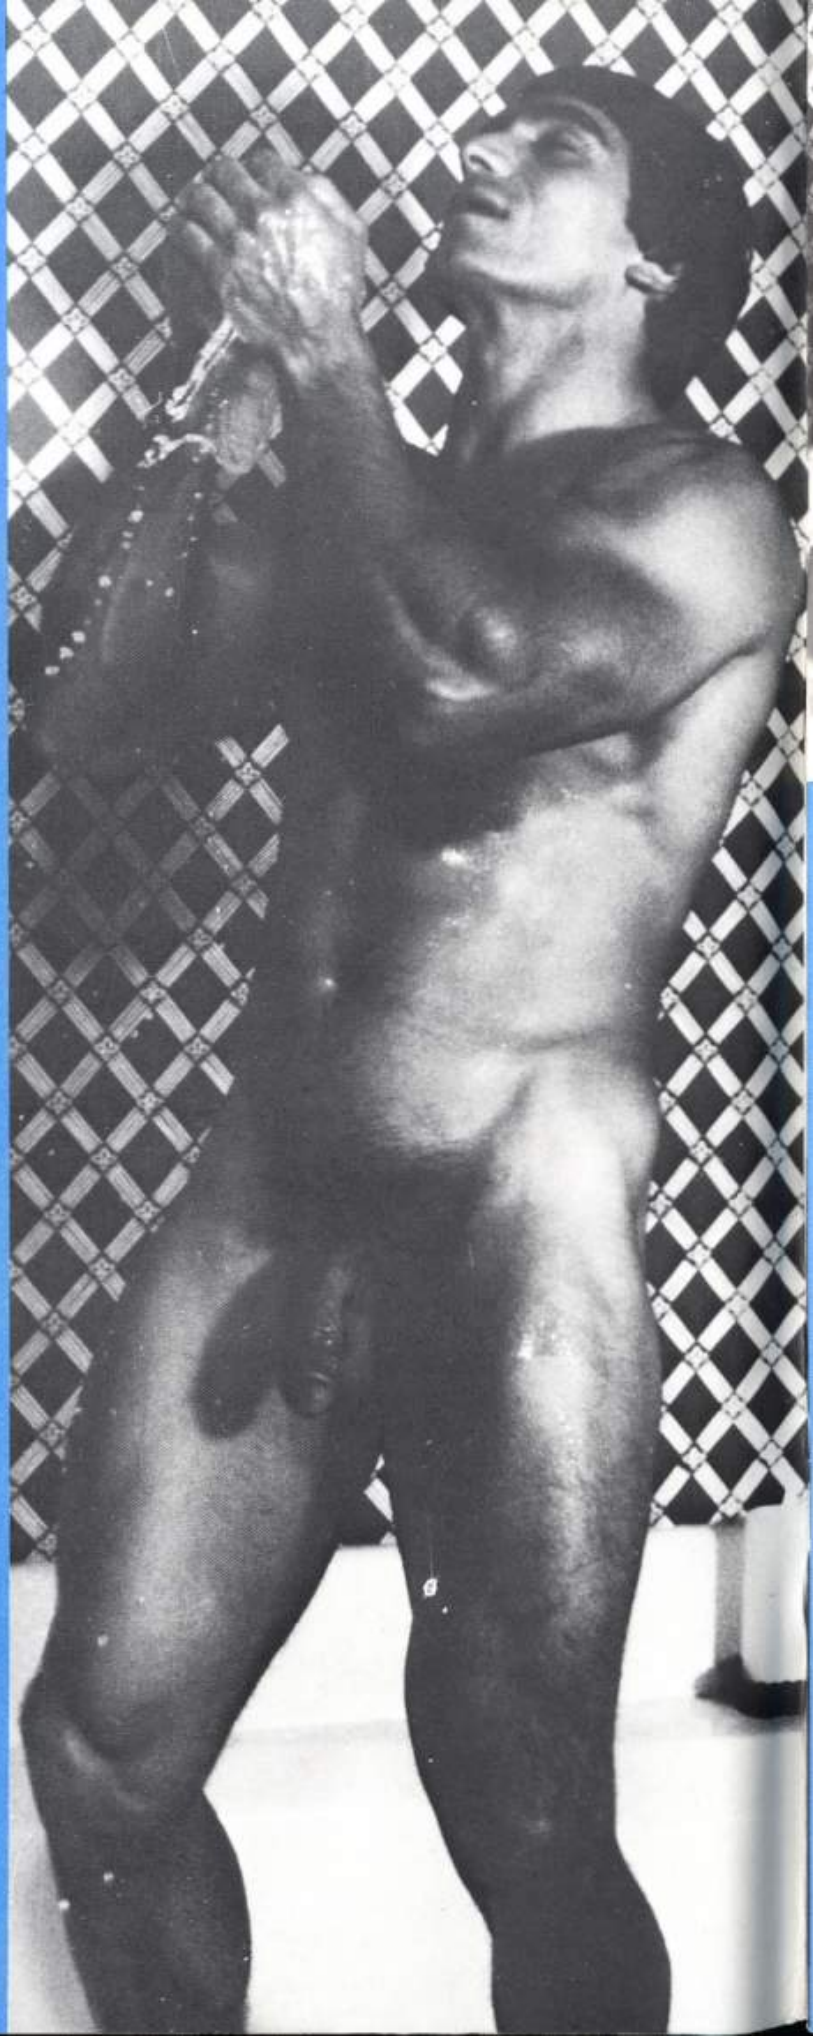
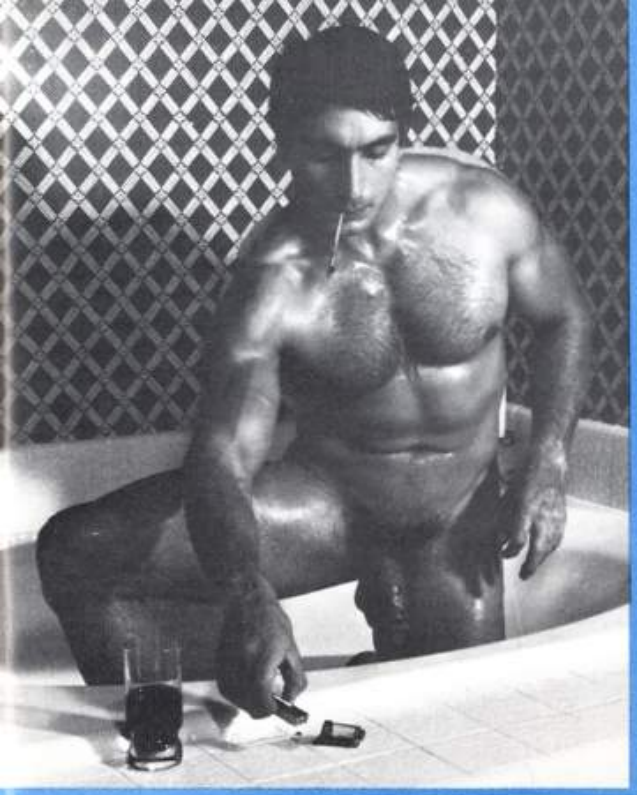
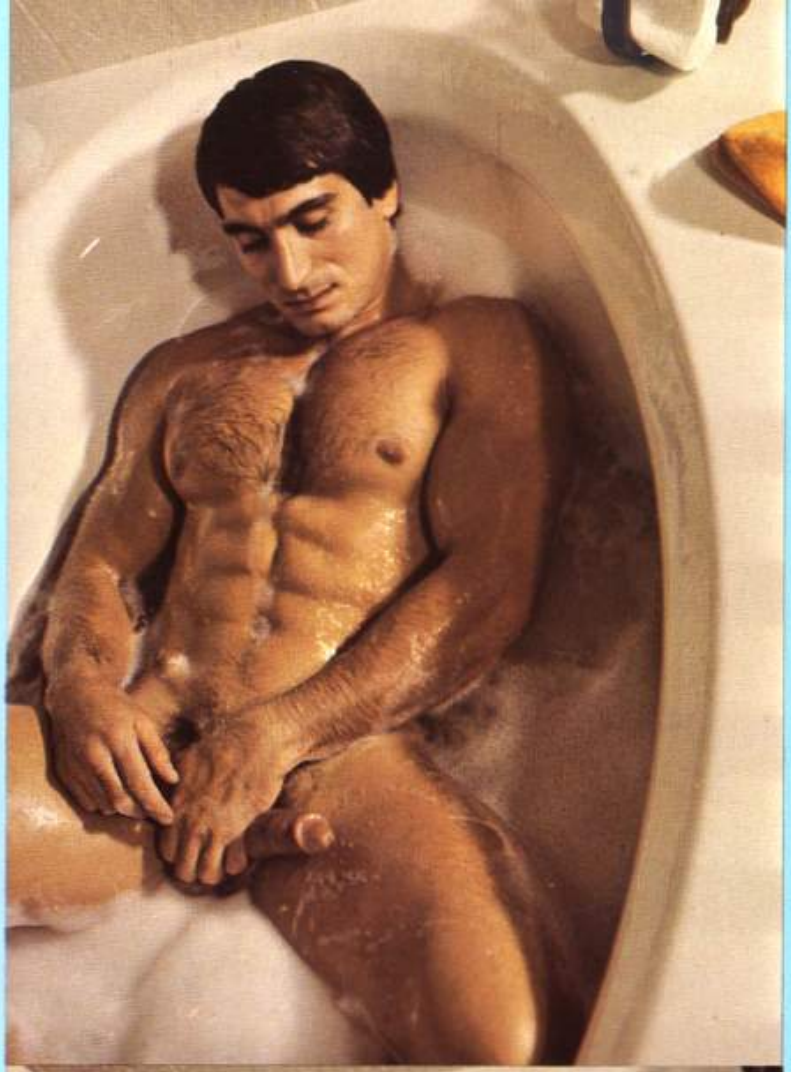
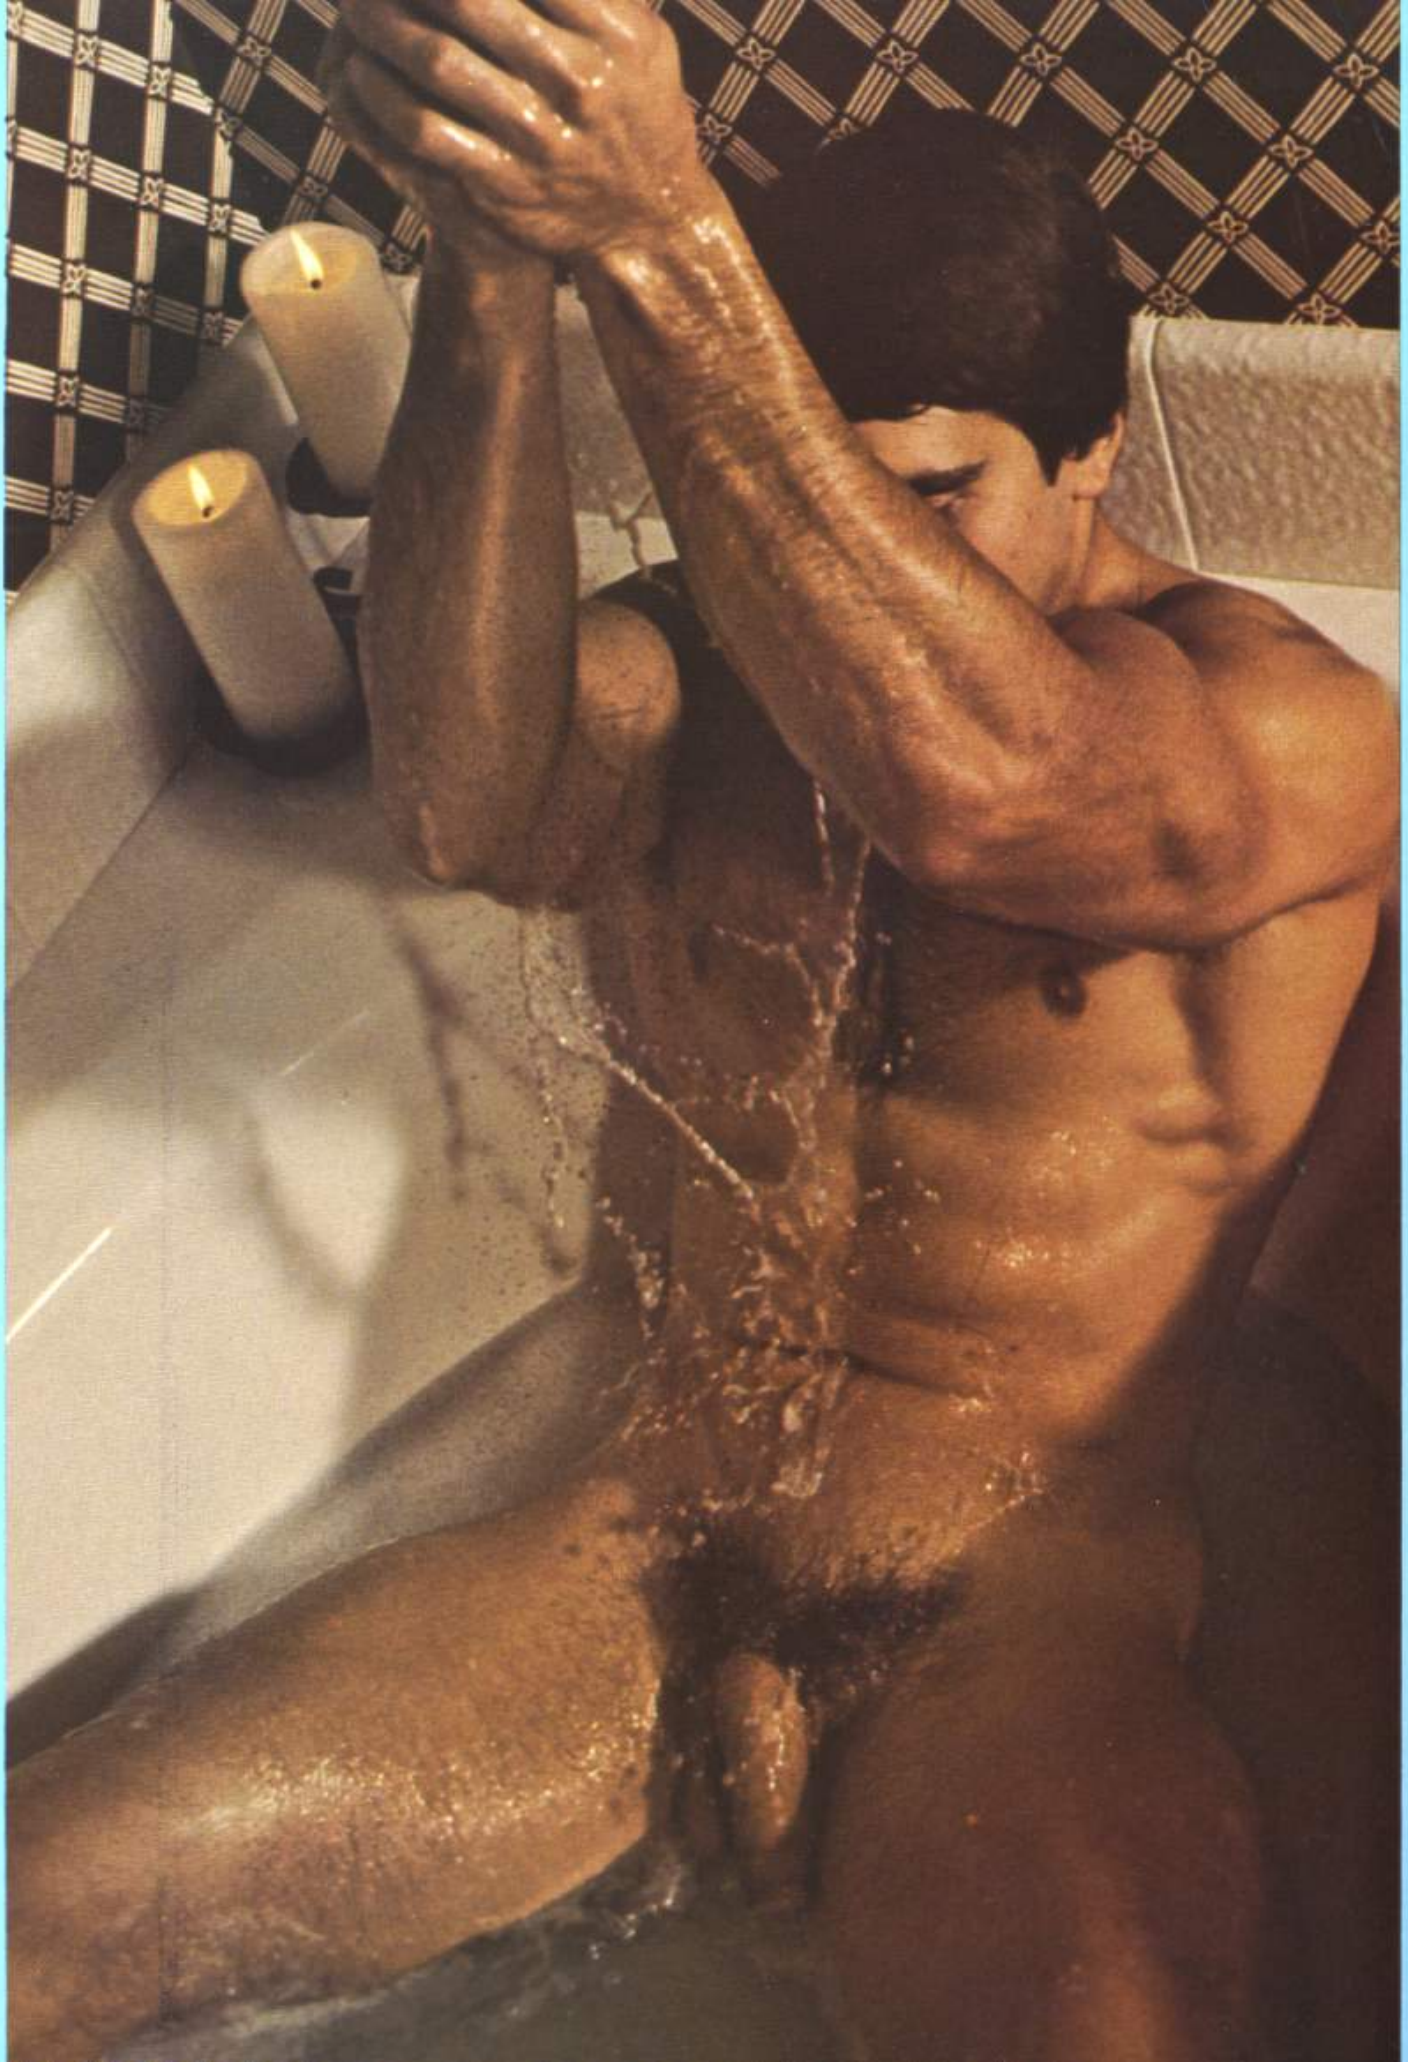
Who ever thought a bath tub could be so interesting. We did when we found we could add something to the decor. We added to ours a "Piece de Resistance - VINCENT! Oh, to be one of those tiny soap bubbles, gently carressing that bronze flesh. Or laying nestled loveingly at the joining of those most magnificent thighs. Our one regret is that we didn't save the water and bottle it, like some lavishly, expensive exotic perfume.

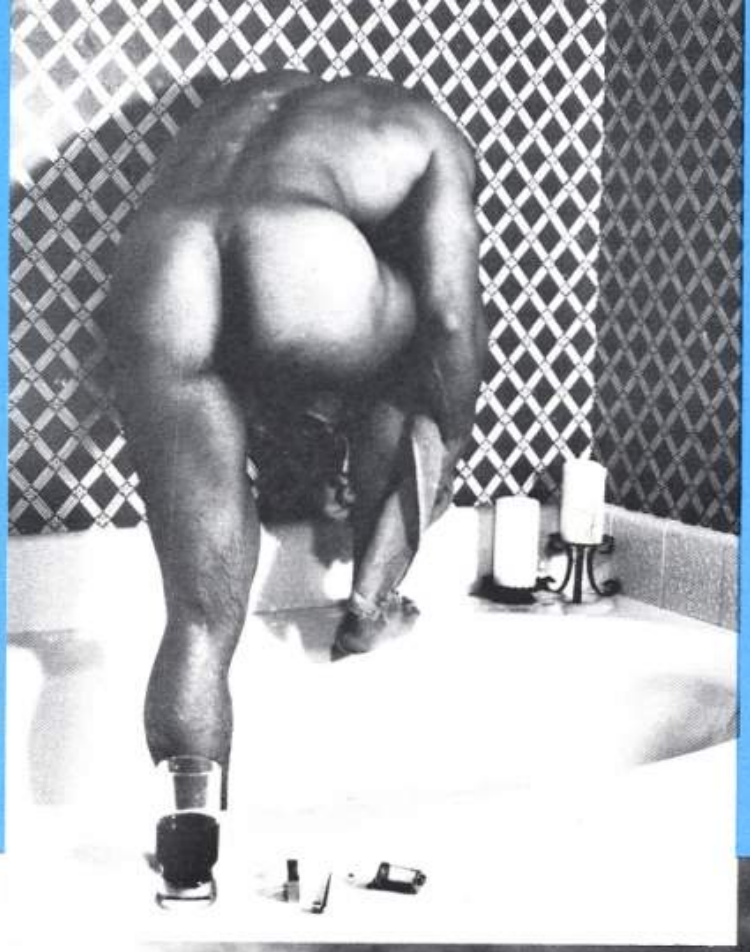


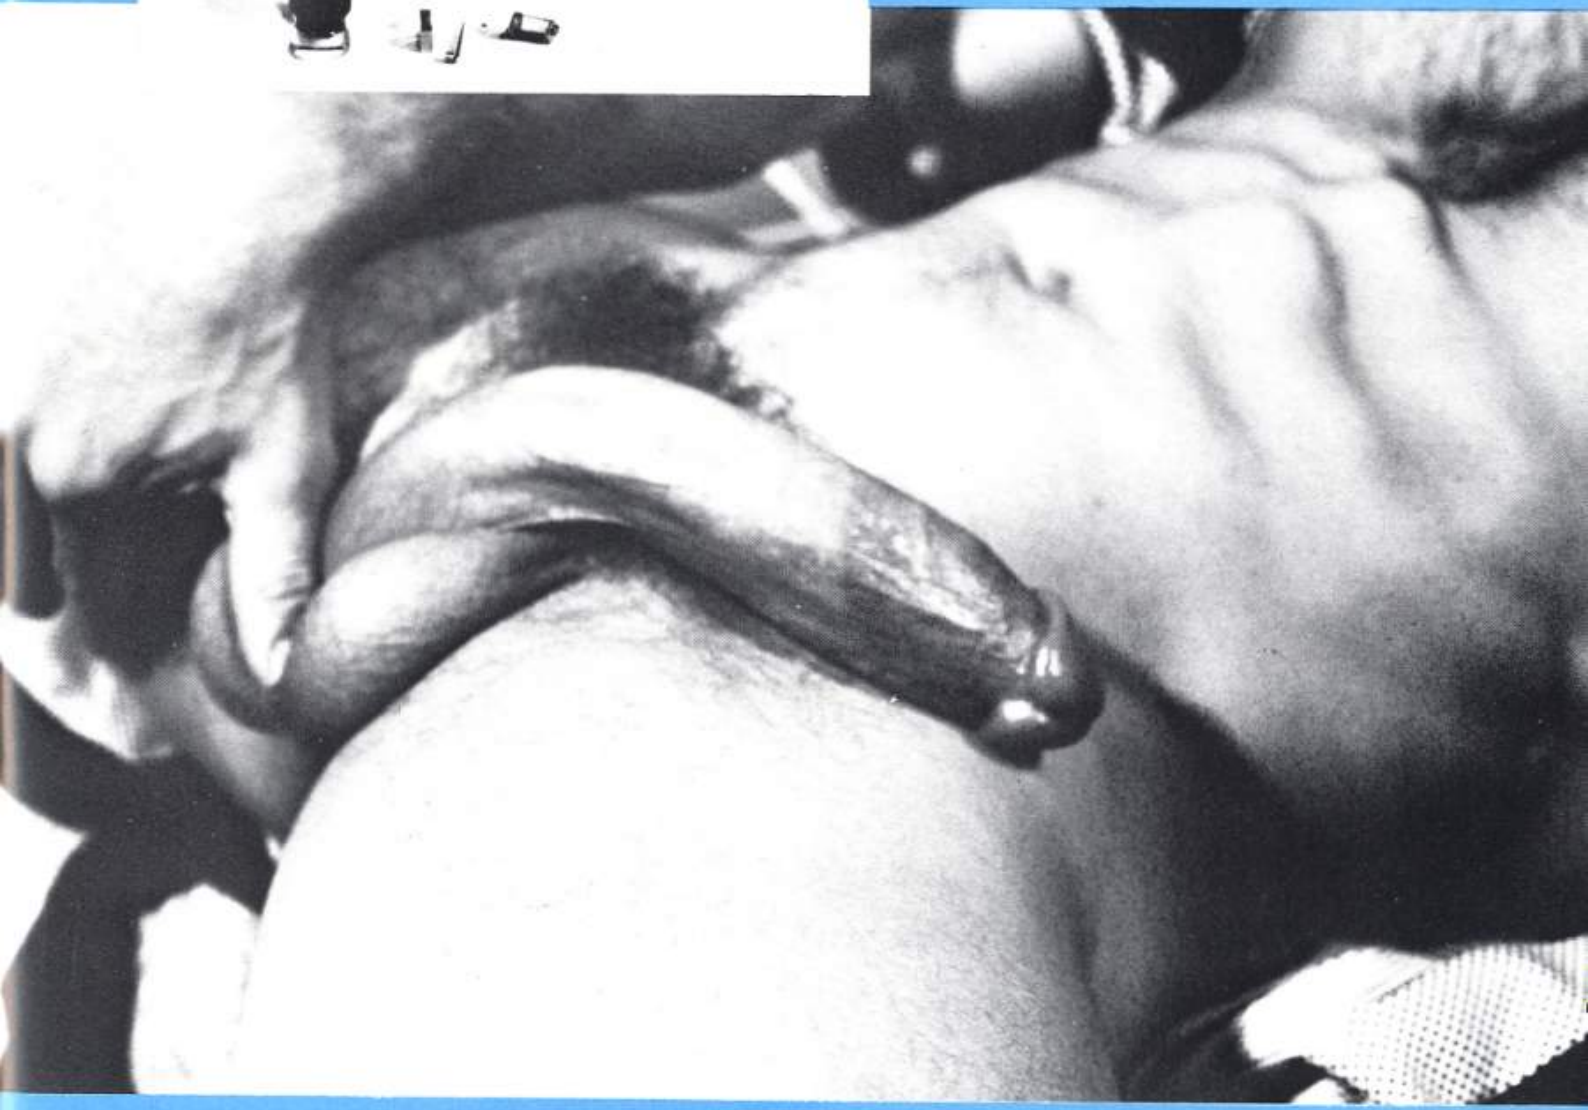
All photos are posed by professional models, and any text accompanying the photos is not intended to portray the actual names of conduct of the models.

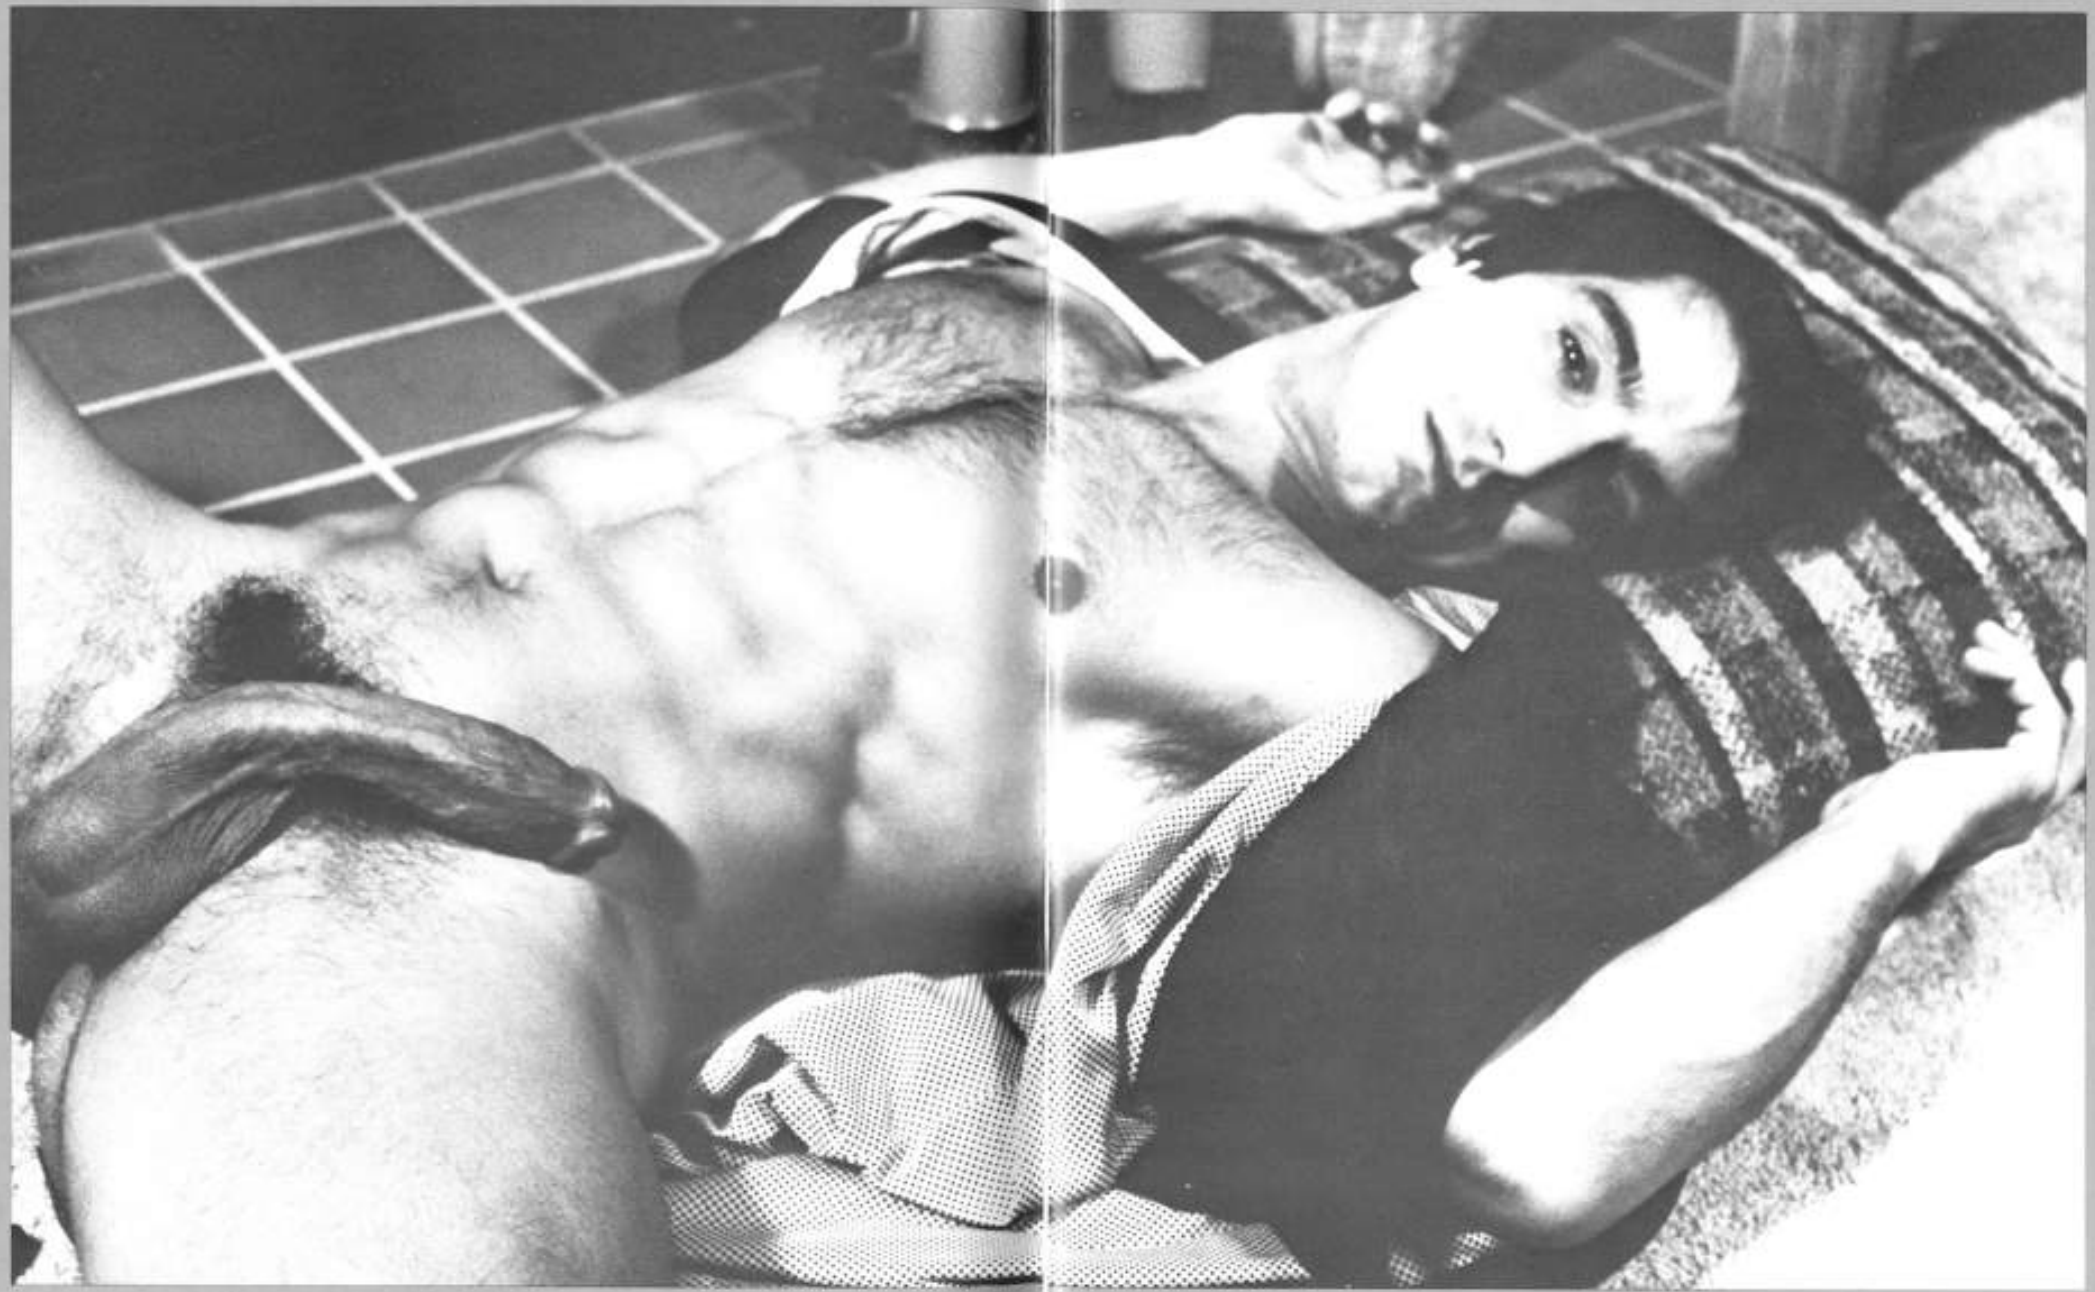


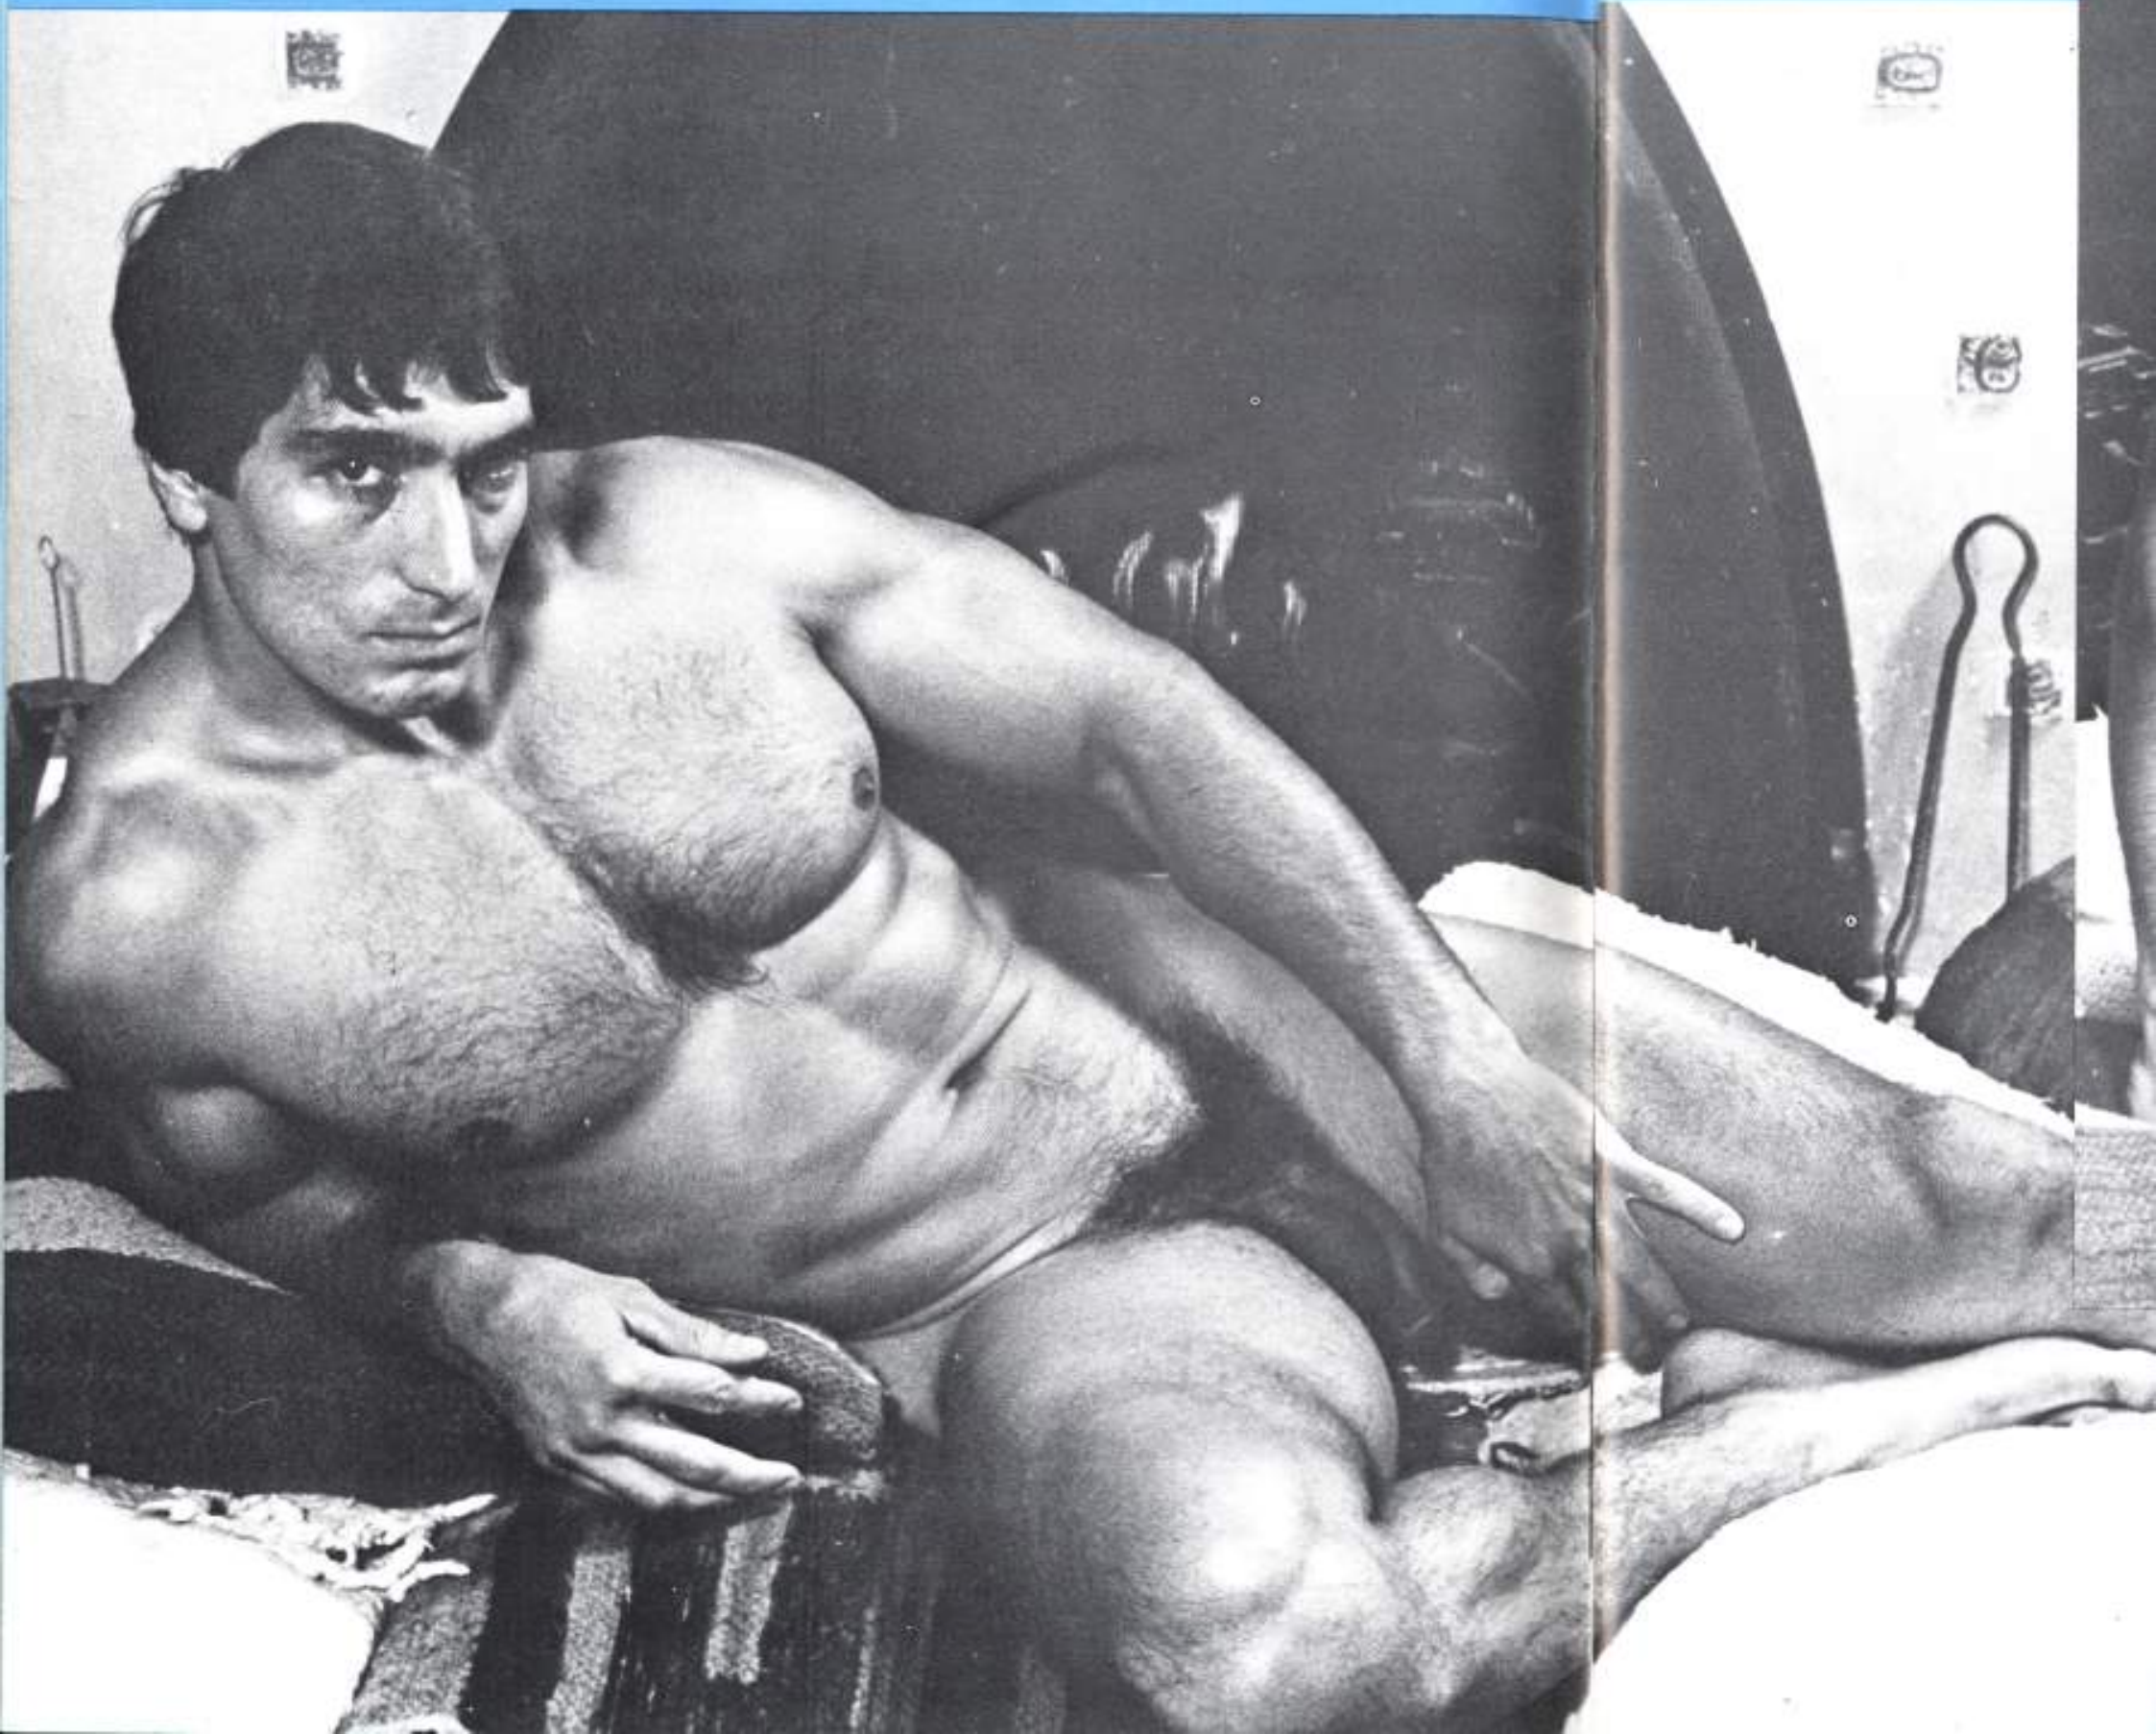


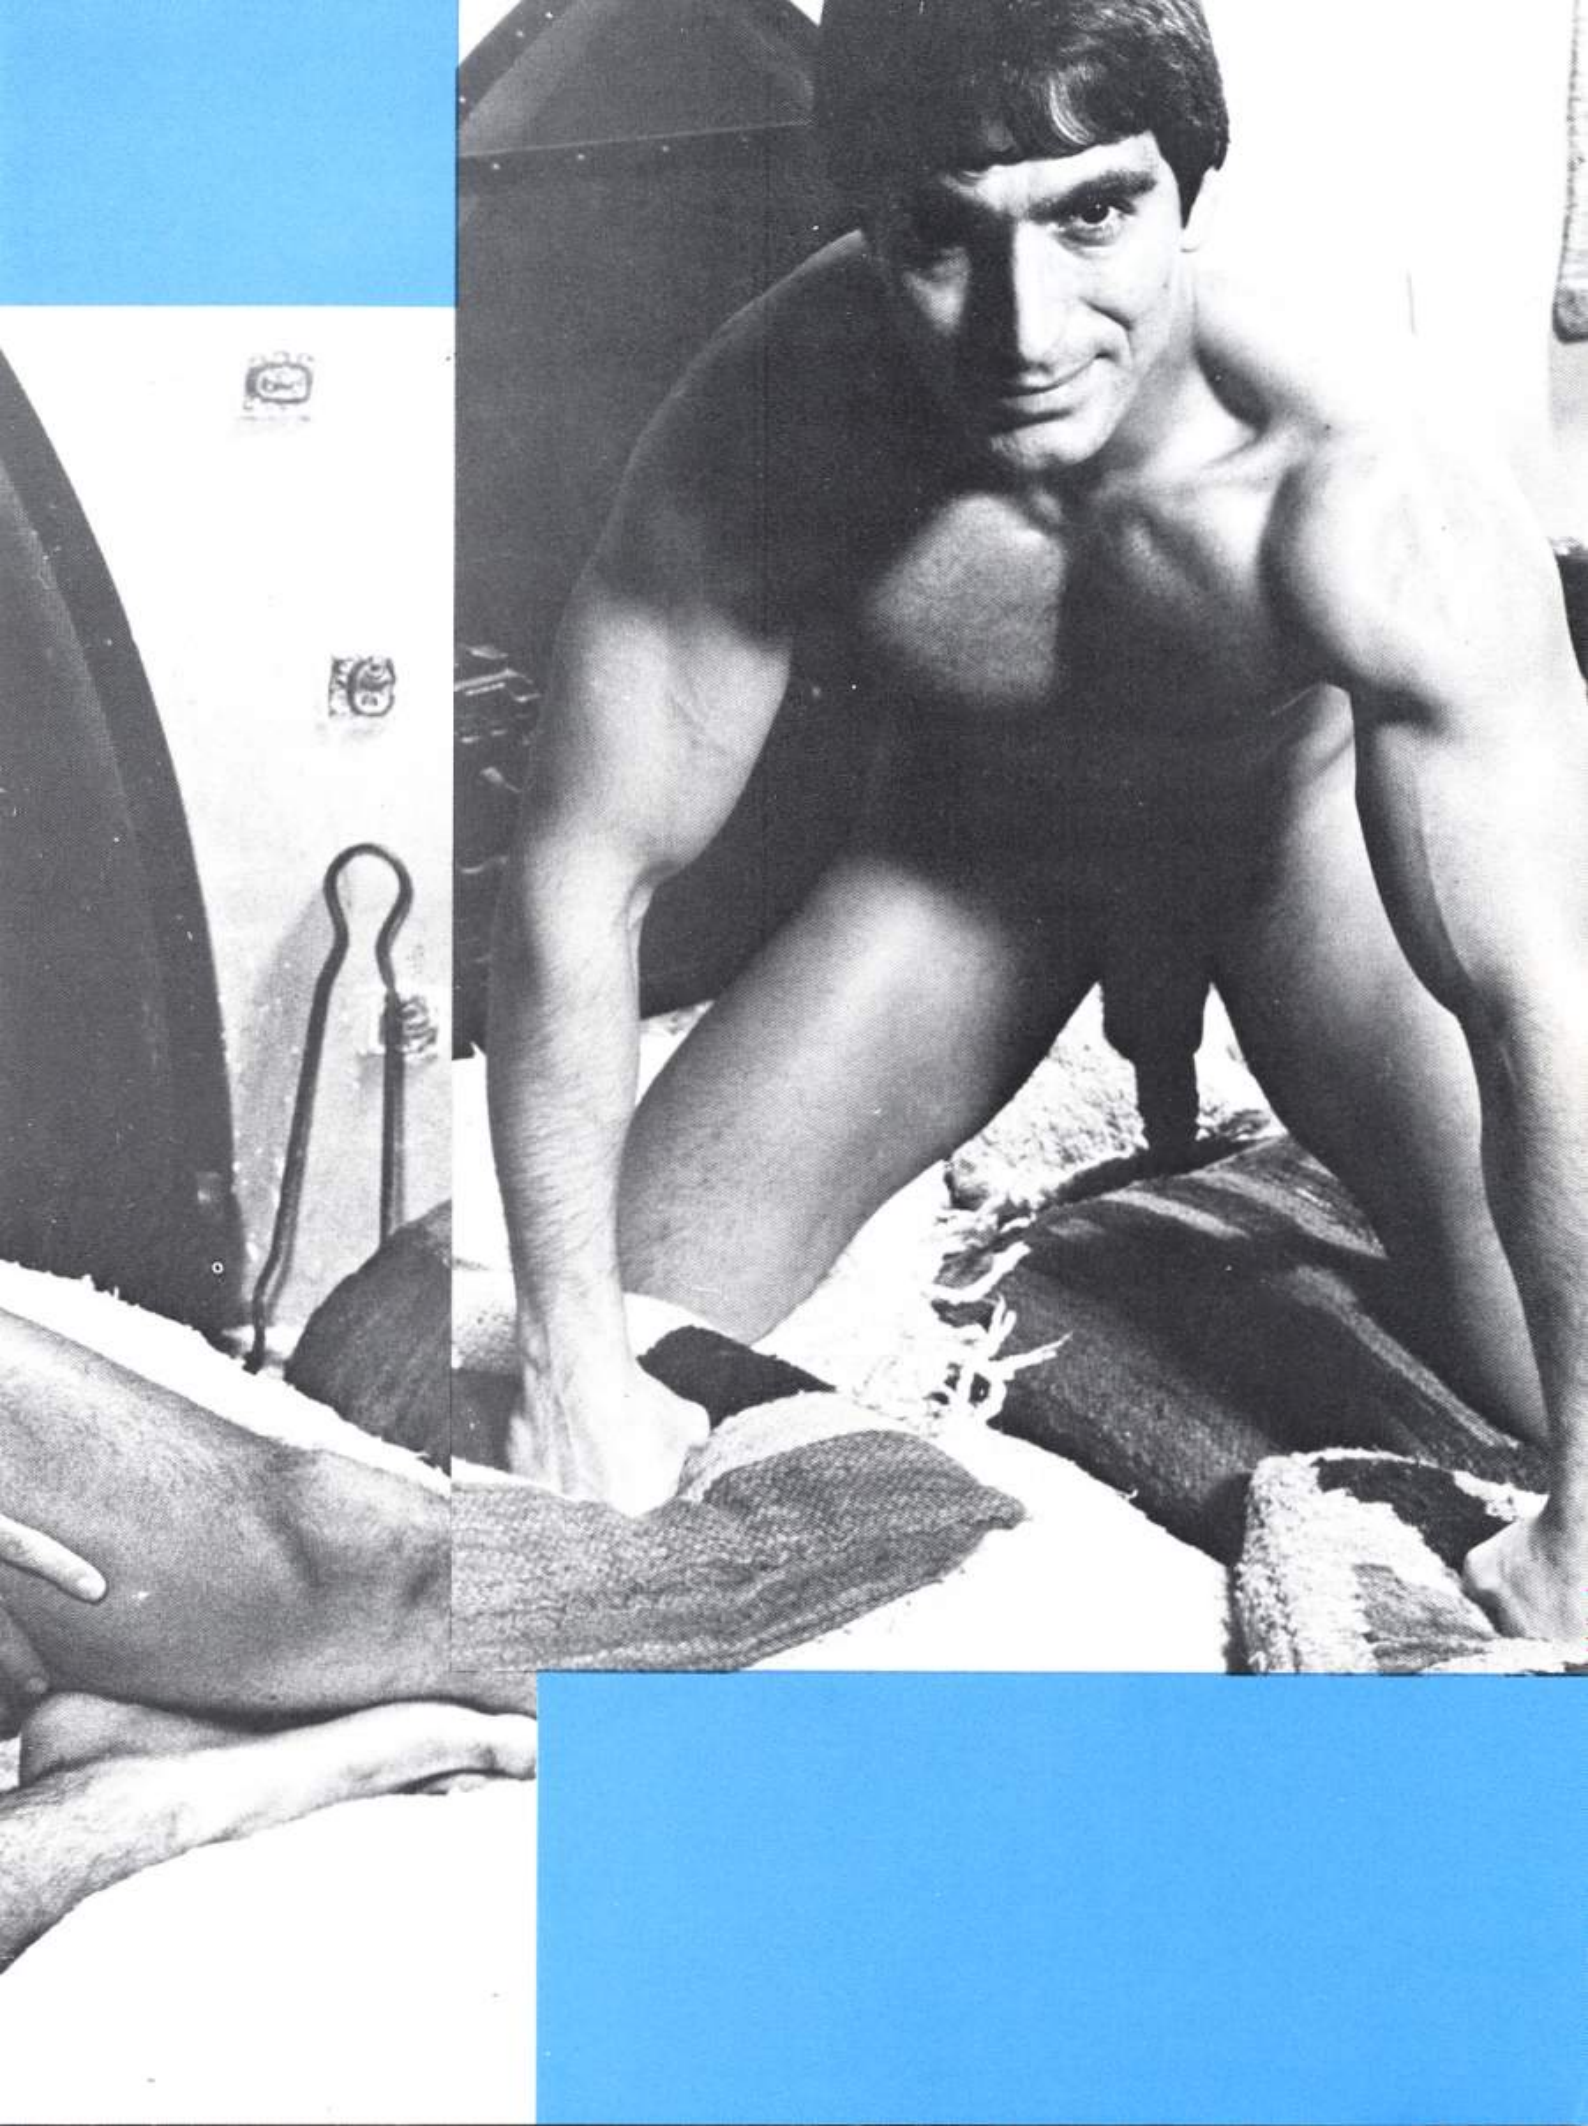


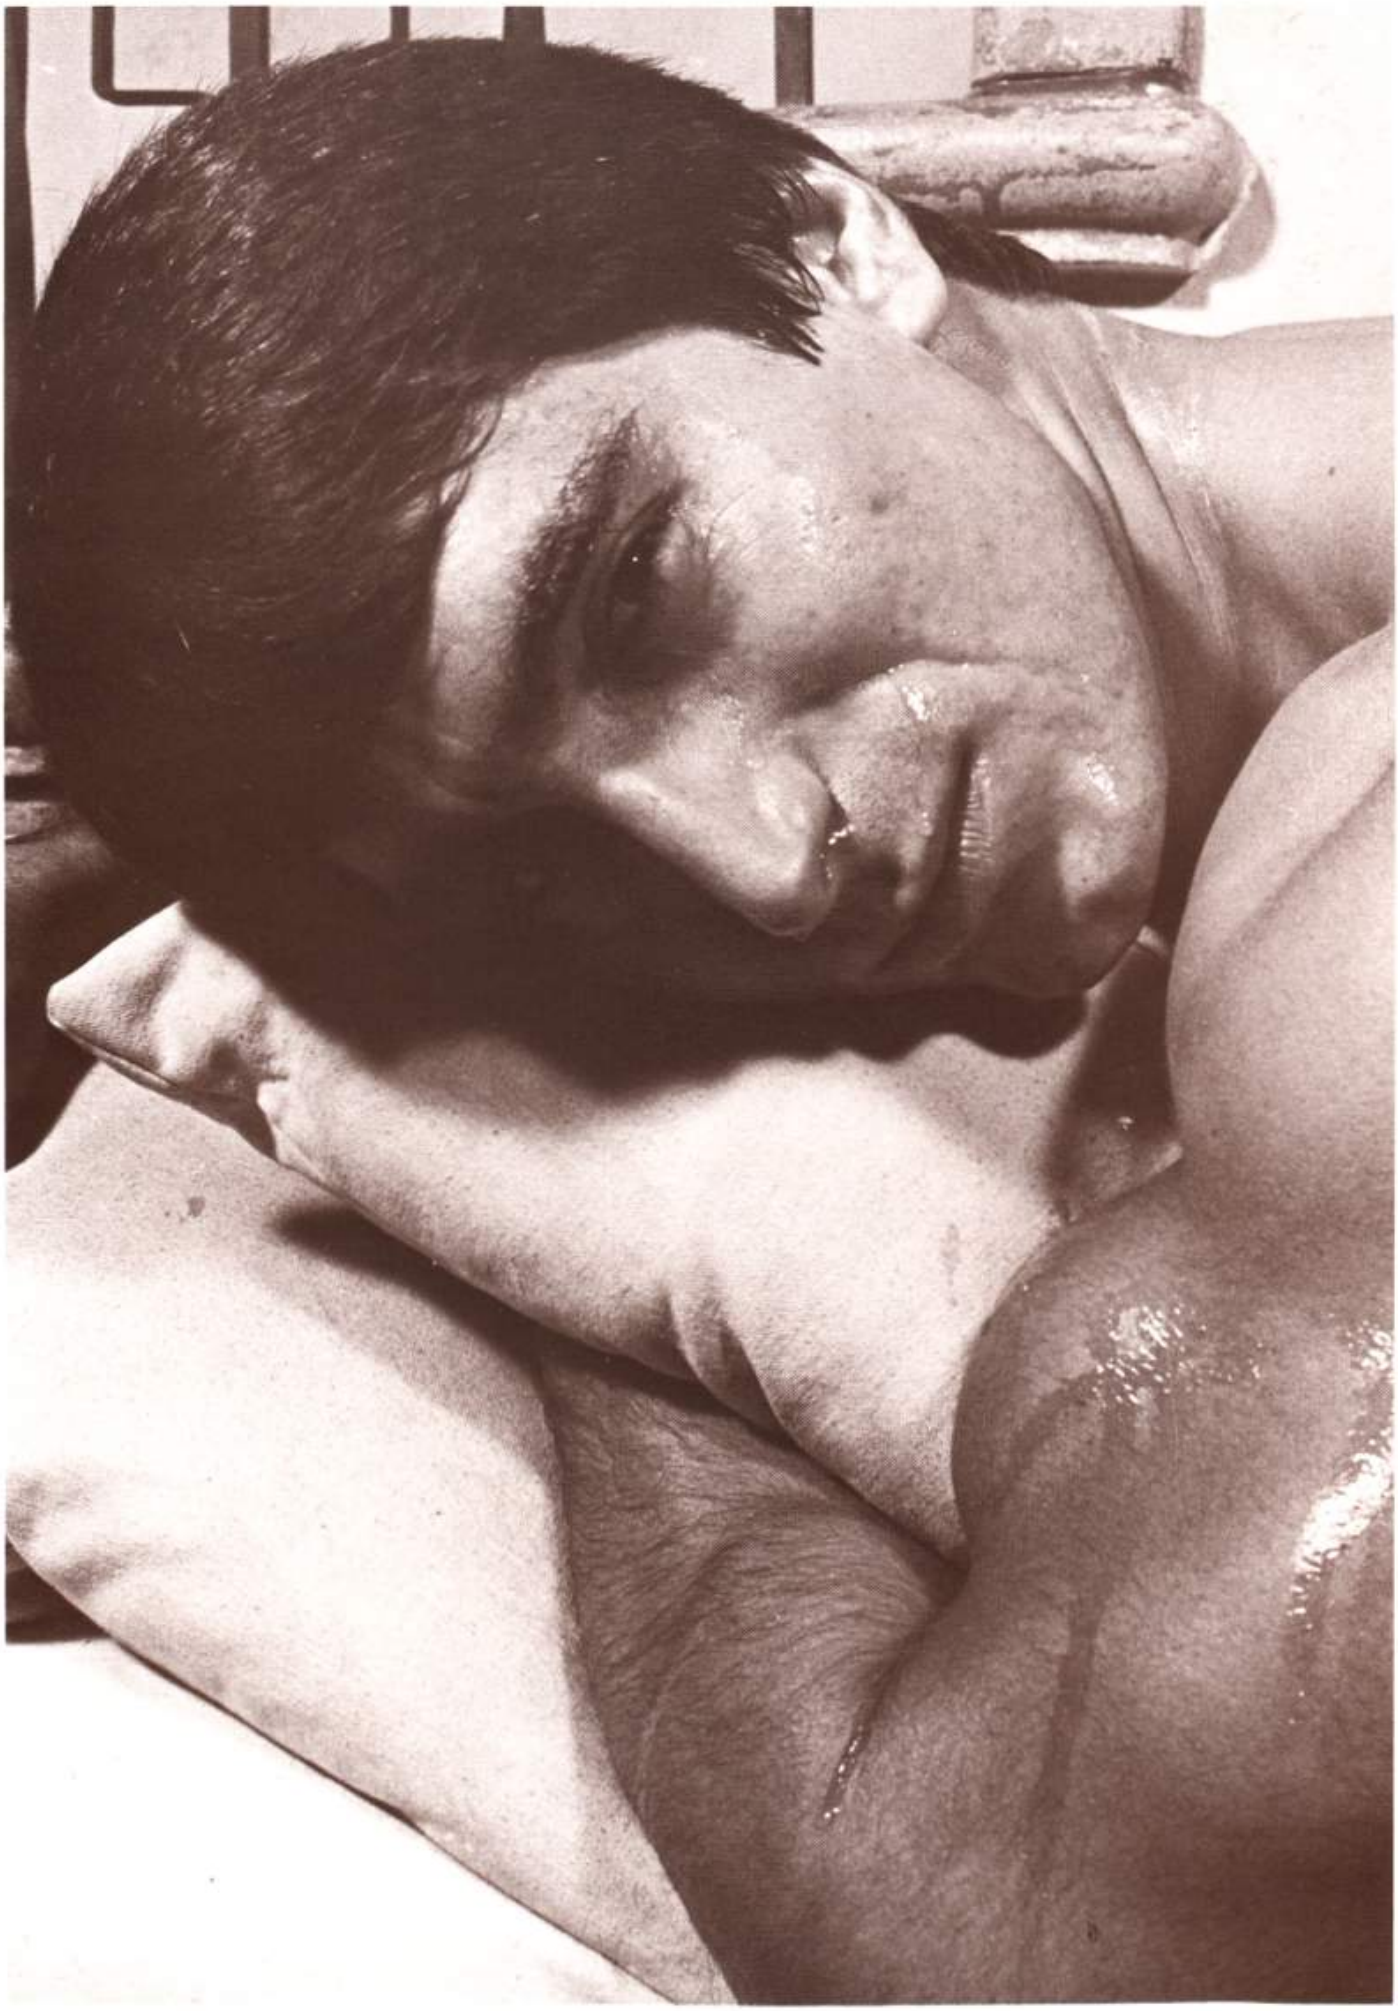












If Lee looks a bit apprehensive and shy at first, you'll have to admit he has something to be nervous about. What Big Dan wants, Big Dan usually gets. And in this case, it's a small brown hole that Lee has only seen in the mirror. But, Big Dan is smart enough not to make the big plunge immediately, so he plays the game. As you can see, it works and although Lee walked a little funny afterwards, we hear he's ready for another "Adventure."

BUZZ

We saw him strolling down Hollywood Blvd. wearing a pair of cut-off levis and a tank top, obviously designed to fit an eight year old child. As we drove by, he looked, we winked and his hand brushed immediately against his crotch. His ear-to-ear grin was proof enough he was ready for action. Before the sun had set, the results of that chance encounter were recorded on film. And yes, the meat is as tasty as it looks. Take our word for it!!
